

# HOTEL PLAZA

## THE DEDICA ANTHOLOGY | NICE

### The rebirth of a Côte d'Azur landmark

Since its opening in 1850, Hotel Plaza has been one of the city's landmark hotels, a sociable hub that has contributed to the beat of the city itself. The hotel has welcomed guests from all over the world to enjoy the famous light so beloved of Matisse, as well as stunning views over the Mediterranean, Place Masséna and the Promenade des Anglais.

Our ambition is to preserve existing close bonds with the location, while propelling Hotel Plaza into a new era of elegance and modernity, as an icon of luxury hospitality for the French Riviera.
