If a thing is worth doing, it is worth doing well. If it is worth having, it is worth waiting for. If it is worth attaining, it is worth fighting for. If it is worth experiencing, it is worth putting aside time for.

# OVERVIEW OF EXTENSION AT REAR OF THE HOTEL

## LE POLE SQUARE

The regeneration of Le Pole Square, located in Dublin City, forms a significant archaeological site, exposing the most sensitive areas of Dublin's medieval city. Opening in August 2021, the site will link a new street between Chancery Lane and Ship Street; connecting Dublin Castle, St. Patrick's Cathedral and Christ Church Cathedral. On this route, a new civic square will be created over the remains of medieval settlement activity, including the unveiling of the 7<sup>th</sup> century St. Michael le Pole Church. Our proposed new tourist attraction will include displayed artefacts, a viewing aperture and platform of the excavation and historical findings of the Church. The above will be supported by a hotel, The Dublin Royal Convention Centre, a gallery and café.

## NEW OUTLETS & FACILITIES ADDED

### THE CHANCERY GRILL

The newly opened urban Irish restaurant highlights the best of local produce, combined with ancient cooking techniques on its Asador. Our ethos at The Chancery Grill is to keep our food as simple and as local as we can. Simple because we want to let the produce speak for itself. The Asador grill is the key to unlocking the flavours of those ingredients. We believe the smoking, charring and caramelising that the Asador brings to each dish is the best way of showcasing Irish produce.

### THE DYFLIN BAR

Relax in the stylish surrounds of The Dyflin Bar, offering a modern taste of the city with signature dishes and cocktails.
