

## **Big Sky Resort | Hybrid Meeting Package**

*Expand your meeting's audience opportunity to increase in person meeting ROI.*

### **THE TECHNOLOGY**

Big Sky Resort will provide streaming service during your live meetings to be broadcasted and simulcasted in multiple ways including: direct link, embedded to company/association websites, hosted through social pages and/or in-room TVs (Big Sky Resort hotels only) in real time and on demand for future viewing for up to 90 days.

Live streaming will feature up to two camera angles to capture the needs of your particular event. Additionally, the video and sound will be mixed with state of the art equipment ensuring an optimal viewing experience online.

Big Sky Resort has partnered with Vimeo Premium to offer the following to our meeting & conference planners:

- 1080p live streams and allows for live graphic creation and studio encoding.
- Customized overlays, logos and graphic integration.
- Ability to simulcast your live stream to social media channels and other platforms.
- Hosting for up to (4) external presenters in live feed.
- Password protection on videos, domain-level privacy, and private link sharing.
- Vimeo's live events offers engagement features like chat, polls, and Q&A.
- Strong analytics data & reporting features.

### **THE VENUE OPTIONS**

Live streaming is available in the Talus Room & the Amphitheatre of the Yellowstone Conference Center at this time. For venue diagrams and generic setups:
