# Fire Lake & ARILD Bar

Moscow's first Fire Lake restaurant consists of a team of highly creative chefs led by Rodion Nefedov, embracing true local produce and cooking methods.

Inspired by the "S.O.L." (seasonal, organic, local) concept, they turn simple but high quality ingredients into rich but accessible dishes.

Lovers of classic drinks or, on the opposite, of serious mixology should definitely visit the ARILD Lounge bar.

ARILD is the bar with a deep philosophy and concept. The team puts great emphasis on own infusions and combinations. Every bartender has his own unique signature drink.

# Radisson Blu Olympiyskiy Team

Radisson Blu Olympiyskiy Hotel, Moscow, welcomes each guest individually and surrounds them with the positive atmosphere in the exquisite, noble setting.

The hotel team gives priority to every detail, creates memorable moments during each of your stay.

Sometimes what makes a truly memorable experience is not necessarily the most obvious thing. More often than not it is the smallest detail: a waiter remembering your preferred drink, being greeted with a warm smile by a housekeeper who knows your name, having your every need anticipated or never having to ask twice. That is the difference of Radisson Blu, you can see it but more than anything, you can feel it.
