# N A P A *California*

Located in Central California, Napa Valley is infamous for their vineyards and the wine they produce. People love coming to wine country to explore the beauty of the private vineyards for anniversaries, parties, or even just a weekend away. Consisting of acres of those sun-soaked vineyards, the Meritage Resort and Spa blends relaxed elegance with kind hospitality to bring you the ultimate Napa Valley resort experience. The Carneros Ballroom renovation design is timeless and will embrace the existing building. The timeless designs that relate to the Mission style buildings elements will enhance the experience of the guest and make a perfect backdrop to any function from a day convention to meet and mingle to a sparkled evening wedding.
