Warm & Thoughtful

N A P A *California*

Located in Central California, Napa Valley is infamous for their vineyards and the wine they produce. People love coming to wine country to explore the beauty of the private vineyards on horseback for anniversaries, parties, or even just a weekend away. Consisting of acres of those sun-soaked vineyards, the Meritage Resort and Spa blends relaxed elegance with kind hospitality to bring you the ultimate Napa Valley resort experience. The Meritage ballroom encompasses a feeling of a warming invite as you step into the spacious event room. With modern structures, lots of natural light, and temperate colors filling the room, the space promotes inspiration and happiness to all who enter.
